

## **Town of Scituate Board of Health**

600 Chief Justice Cushing Highway  
Scituate, MA 02066  
781-545-8725

**DECEMBER 17, 2018**

### **PRESS RELEASE:**

The Town of Scituate has received approval by Town meeting vote to enact the Community Septic Management Program (CSMP). This septic replacement program is made possible by a loan from the Massachusetts Water Pollution Abatement Trust and managed by the Massachusetts Department of Environmental Protection (DEP). This makes loans available to homeowners with a failed septic system in environmentally sensitive areas identified by the Town of Scituate. To qualify, the Town of Scituate resident's property must have a failed septic system and the resident must reside at the residence of the failed Title 5 septic system.

A failed septic system must have a Title 5 report submitted to the Board of Health by a certified Title 5 inspector licensed by the Town of Scituate Board of Health or a failed septic system identified by the Town of Scituate Director of Public Health or designee.

The Scituate Board of Health is pleased to announce the approval of the Community Septic Management Program (CSMP). Please call the Scituate Board of Health for additional information at 781-545-8725.
